Hi, Sujatha,

Not yet, the FRS staff is still loading them to the docket. We have some idea of common themes, however. Once Sarah and Emily are back next week, we are going to dig into it full force, and we'll let you know what types of things we're seeing re ecological and ESA concerns.

Thanks,

Kay

Kay

Just curious if you have any updates for us on 2,4-D comments. Please let me know. Thank you.
